

How it works: Write numbers 1 through 7 to the write the bullet points. If the 1st of the month lands on a Monday, write 1 under Monday.

Month	Which account	• Circle one: • Expense Income
-------	---------------	---

•	•	•	•	•	•	•
Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

If you only know a later date (like a payday on the 15th), subtract multiples of 7 ((14)) to find the day the 1st landed on ($(15 - 14 = 1)$).
